About Sacgasco Limited (ASX: SGC)

Sacgasco's strategy is to find, acquire and develop undervalued and under-developed opportunities connected to materially under supplied oil and gas markets across the world.

Sacgasco Limited (ASX:SGC) is an Australian-based energy company focused on conventional gas exploration and production in the Sacramento Basin, onshore California. Sacgasco has an extensive portfolio of natural gas producing wells and prospects at both exploration and appraisal stages, including multi-Tcf opportunities.

The Company is targeting gas supply to the local Californian gas market and burgeoning LNG market in North America. Sacgasco is of the view that the size of the prospects in California have the potential to supply both domestic Californian natural gas and export LNG markets, including those in Asia.
